

ADDENDUM

PROJECT TITLE: Supply and Installation of Gates – MO Complex and W&S Facilities	ADD. NO: 1
TENDER NO: 2022-566001T	DATE: March 1 st , 2022
PAGE 1 of 3 (Including Confirmation Sheet)	

Make the following modifications to the above project. Include in the amount of the Tender, any additions to or deductions from the cost of the work by reason of these instructions.

Sign and attach this Addendum to the Tender documents and submit with your Tender. Failure to do so may result in the rejection of your Tender.

Please find below questions and answers.

Confirmation of which motor variant for the SL595UL we are bidding with.

SLS595UL Question:

1. Is it Single Phase/ Three Phase?
Both single and three power is available at each site. The city will accept either option.
2. Which size motor: 1HP /1.5HP / 2HP?
Motor size to be determined by contractor. Motor size will be dependent on gate /opening size and weight of gate.

KEYPADS:

1. Are you looking for the internet gateway? (Allows the system to talk to be operated remotely and monitored)
2. Are you looking for the “EL1SS” by liftmaster?
All controls are supplied by others and are not included in this tender.

Electrical work:

1. “It says all Electrical work by others...”. Am I to be clear we are to install the gates and operators, but the city of Saint John will provide all electrical work including hooking up the electrical for the SLS595.
 - a. (Found under Specifications: section 2 of the 2022-56601T document”
Yes, this is correct. The City of Saint John will be responsible for all electrical, to be coordinated with the successful contractor and the City of Saint John project manager.

Additional Questions:

- Q1. Are the traffic loops for the gate operators included in the scope of work or by others?
Traffic loops to be included in gate installation scope.
- Q2. If loops are in scope, can you specify if you want one free exit loop and one safety loop for each gate?
System(s) will consist of one exit loop and one safety loop per gate.
- Q3. If loops are in scope, do we bury the loop in gravel for the 1210 sand cove site?
Yes
- Q4. What size diameter are the pedestal footings?
Final diameter of pedestal base to be determined in coordination with pedestal installer on site.
- Q5. Are there any conduit requirements for the pedestal footings?
¾ inch to 1 inch per pedestal.
