

PROGRAM GUIDE for Spring/Summer Grants

1. Rationale

As described in the City of Saint John Arts and Culture Policy, adopted by Common Council on September 26th, 2005, the arts make a substantial contribution to the quality of life and vitality of our community. The City of Saint John believes that one of the most effective means of facilitating the development of arts and culture in Saint John is to provide funding support to non-profits arts and/or cultural organizations serving our community. In this way, arts and culture organizations are encouraged to establish themselves, enhance their services, and provide their programming to the community. Accordingly, the City through the Saint John Community Arts Board has implemented the **Community Arts Funding Program**. This program is designed to provide project support for non-profit organizations or groups wishing to offer quality arts activities in any discipline of the creative arts within the City of Saint John.

2. Community Arts Funding Program

The **Community Arts Funding Program** is administered by the Saint John Community Arts Board on behalf of the City of Saint John. The Program provides financial support in two categories:

- **Project/Activity Funding** – Arts-related projects, activities, events, or initiatives (including a series of activities or events) that are primarily participatory, actively engage the public, are educational in nature, or that develop the arts in the community.
- **Arts Festival Funding** – Preparation and presentation of one-day or multi-day arts festivals, major arts events, or arts celebrations.

Program grants will normally range between \$500.00 and \$3,500.00 (or between 10% and 40% of your total project/festival budget).

3. Eligible Organizations

Any non-profit organization whose primary purpose is the presentation, promotion, or education of the visual, performing, literary, media, or material arts in Saint John, and that wishes to undertake arts-related projects or activities of benefit to the community, is eligible to apply. An organization that has previously received Program funding and that has not complied with funding requirements (i.e. failed to submit a post-event report to the Board) will be deemed ineligible.

4. Restrictions

The following are examples of applicants and/or projects/activities that are **NOT** eligible for funding:

- Building or equipment purchase, lease, renovation, or repair;
- Funding that is primarily for the benefit of an individual;
- For-profit organizations;
- Organizations that fund other projects/festivals;

City of Saint John Community Arts Funding Program Spring/Summer 2023

- Retroactive funding (without prior approval of the Board);
- Deficits or debts;
- Free or discounted tickets;
- Fundraising events;
- Fellowships, scholarships, or bursaries;
- Contributions to an endowment fund;
- Conferences or professional development;
- Non-specific operating expenses.

5. Criteria for Evaluation

During evaluation of applications, preference will be given to organizations that are based in Saint John and to projects and/or activities:

- that are consistent with the objectives of the City's Arts and Culture Policy;
- that are consistent with the priorities of the Saint John City Council;
- with significant community involvement;
- that have not received other material funding from the City of Saint John in 2023.
- that have also sought and/or obtained other sources of funding (i.e. matching funds); and
- that will benefit the creative arts, the arts community, and the community at large.
- organizations that received previous funding must be up to date with project reports to qualify for this programs

The applicant must also demonstrate organizational capacity and good management practices, including programming, finances, and human resources. Other practices will be considered such as: event attendance, audience development, community and business support, cultural diversity, funding, human resources, partnerships, public accessibility, and strategic planning.

PDF versions of the City's Arts and Culture Policy are available on the City of Saint John website at www.saintjohn.ca

6. Evaluation Process

The Saint John Community Arts Board will review and evaluate each application using this Program Guide and any other applicable program criteria as a framework for discussion. The Board will then determine which projects and/or activities will receive funding and the level of funding to be awarded based on the approved applications and the availability of funds.

The amount of funding available is determined annually by Common Council. Applicants will normally be notified of the adjudication results by writing within 45 days after the application deadline.

Saint John Community Arts Board members who are also members of an applying organization will not be entitled to participate in the evaluation and decision process.
