

Heritage Application

APPLICATION FOR A HERITAGE PERMIT

THE PROCESS

1. Review our helpful Practical Conservation Guidelines, which are available on the City of Saint John's website.
2. Contact Heritage Staff at (506) 658-2838 or heritage@saintjohn.ca and arrange a site visit to discuss your project.
3. Complete the application form. Include all relevant information, such as Plans or Drawings, Conservation Plan and a Building Permit application. Ask Heritage Staff about available grants for your project.
4. Heritage Staff will review your application to determine if the proposed work is compatible with the architecture of the building and its surrounding area. Once agreement has been reached on the nature and scope of your project and if the proposed work meets established Board guidelines, your Heritage Permit can be issued. Otherwise, Heritage Staff will prepare a report for review by the Heritage Development Board.
5. The Heritage Development Board meets monthly to review applications. If all the required information has been provided, the Board will either approve or deny the Heritage Permit. HDB meetings are open to the public. Residents and property owners are encouraged to attend and will be given an opportunity to express their opinion. Dates of meetings are posted on the City of Saint John website. Also do not forget to inquire if you are eligible for our Heritage Grant Program. You must apply and receive conditional approval for a Heritage Grant, prior to the start of any construction work.
6. If your application is approved, your Heritage Permit and Building Permit (if required) will be delivered by the Building Inspector.
7. After a 15-day appeal period, you can begin your project as outlined on your Heritage Permit.
